

**Greetings from Mariko Kimura**  
**President of IFSW Asia Pacific**

*I am looking forward to being in Shenzhen, China for the Asia-Pacific Regional Conference and meeting with you the Conference participants.*

*I am using this email as a reminder of the IFSW - JANE HOEY SALES AND AUCTION which will be held in Shenzhen.*

*Jane Hoey was an American social worker with a strong commitment to international social work who upon her death left a sum of money to a support scheme for social work in the developing world. IFSW continues to work for her vision.*

*The Jane Hoey fund has been established in order to provide support to Social Workers from developing countries and Central and Eastern Europe, the Commonwealth of Independent States and Baltic States. This support can be provided by way of assistance to attend International Conferences. Funds are also made available for specific projects to promote social work in the target countries.*

*Please remember to bring an item from your country that can be placed for sale or auctioned at the IFSW stand during the Conference. Ideally items should be easily transported.*

*Tell your colleagues and encourage them to join in and support the Jane Hoey fund.*

*Your support is greatly appreciated.*

*Mariko Kimura*
